

Cuyama Groundwater Basin Well Issue Reporting Form

This form allows well owners to report potential issues with well operations resulting from groundwater level declines. This information will be used by the Cuyama Basin Groundwater Sustainability Agency to track locations of groundwater level issues that may occur in the Cuyama Groundwater Basin.

Please return this completed form to Taylor Blakslee via email to tblakslee@hgcpm.com or by mail to:
4900 California Ave,
Tower B, 2nd Floor,
Bakersfield, CA. 93309

1. Name (First and Last): _____
2. Phone number: (_____) _____ - _____
3. Email: _____
4. Please describe the water issue (check all that apply):
 - Well is dry/no longer producing water
 - Reduction in water pressure, decreased flows
 - Well is pumping mud/sand
 - Reduction in water quality
 - Other: _____
5. What is the primary use of the water?
 - Household
 - Ag/irrigation
 - Combination of household/agricultural
 - Other: _____
6. When did this problem begin? _____
7. Where is the well located?
 - a. Latitude: _____ & Longitude: _____ (decimal degrees)
 - b. Address (optional) _____
 - c. Location description (optional) _____
8. Was the issue resolved? Check all that apply
 - Yes, lowered the pump bowl
 - Yes, deepened well
 - No, trucking in water
 - No, getting water from neighbors/other source
 - No, on driller wait list
 - Other: _____

Please help provide information about your well (if applicable)

9. Local well name/numbers/ID (please include all known): _____

10. Do you have a well log or well completion report?

- Yes (please attach to this form)
- No

11. Well depth (feet): _____

12. Well Screen interval(s) (feet): _____

13. Depth to water in wells (feet): _____

14. Date of water level measurement: _____

15. Pump production rating (gallons per minute): _____

16. Year pump was installed: _____

17. Has the pump rate been reduced?

- No, it is pumping at normal rates
- Yes, about 10% reduction
- Yes, about 20-30% reduction
- Yes, about 30-40% reduction
- Yes, 40+% reduction
- Not sure
- No longer producing at all
- Other: _____

18. Additional comments: _____
